SUMMARY

Frontend Developer specializing in Next.js, React and TypeScript, with 2+ years of hands-on experience building production web applications. Strong foundation in MERN stack development, responsive UI development, state management, REST API integration and form validation. Experienced in developing reusable components and scalable frontend applications with a focus on performance, maintainability and clean code.

TECHNICAL SKILLS

- **Frontend:** Next.js, React, React-Redux, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, React Hook Form, Zod, Socket.io-client
- **Backend:** Node.js, Express.js, RESTful APIs, JWT Authentication, Socket.io
- **Database:** MongoDB
- **Tools:** Git, GitHub, Postman, Axios
- **Other:** Basic knowledge of C, C++ and Java

PROFESSIONAL EXPERIENCE

Frontend Developer (Next.js) – CleverBrain Technologies
December 2025 – Present

- Build responsive, high-performance user interfaces using Next.js, React, TypeScript and Tailwind CSS.
- Use Next.js features such as server-side rendering, static generation and file-based routing to improve load times and SEO.
- Develop reusable, type-safe components and manage application state with React-Redux.
- Integrate RESTful and third-party APIs, and handle forms and validation with React Hook Form and Zod.
- Collaborate with designers and backend developers to deliver features, using Git-based workflows and code reviews.

MERN Stack Developer – WizInoa, Madurai
October 2024 – November 2025

- Developed responsive websites using React, Tailwind CSS and React-Redux.
- Contributed to CRM applications and an internal admin tool.
- Built a full-stack web application on the MERN stack with state management via React-Redux.
- Handled form inputs and validation efficiently using React Hook Form and Zod.
- Delivered two projects in TypeScript, improving type safety and reducing runtime errors.
- Integrated RESTful and third-party APIs and implemented secure JWT-based authentication.

MERN Stack Intern – WizInoa, Madurai
June 2024 – September 2024

- Gained hands-on experience with the MERN stack (MongoDB, Express, React, Node.js).
- Learned Tailwind CSS, state management with React-Redux, and API testing with Postman.
- Implemented persistent login using Axios interceptors.
- Followed MVC architecture for clean separation of concerns and maintainable code.

EDUCATION

B.Sc. Computer Science
2021 – 2024

Sourashtra College, Madurai

HSC
2020 – 2021

Sourashtra Boys Hr. Sec. School, Madurai

ACHIEVEMENTS

- Employee of the Month (May) – WizInoa.
